The Government of India are in constant touch with the State Governments and Union Territory Administrations on the subject of tracing out such Pak nationals and to deport them.

Performance of Power Sector

†*367. SHRI DILIP SINGH JUDEV : Will the Minister of POWER be pleased to state :

(a) whether the performance of the power sector has been reviewed recently;

(b)if so, the details of the standard parameters with regard to the power units of public sector and private sector separately;

†Original notice of the question was received in Hindi.

(c) whether due to scarcity of financial resources emphasis has been made on the requirement of additional financial provisions in the budget for the power sector; and

(d) if so, the details therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF POWER (SHRIMATI JAYAWANTI MEHTA):

The performance of power sector is reviewed from time to time. A Mid Term Appraisal of the 9th Five Year Plan was carried out by Government in July, 1999.

The target for the 9th Plan was fixed at 40245.2 MW comprising of 11909 MW from Central Sector, 10747.7 MW from State Sector and 17588.5 MW from Private Sector Based on the Mid Term Appraisal, the feasible capacity addition would be 28097.2 MW consisting of 9729 MW from Central Sector, 10005.2 MW from State Sector and 8363 MW from Private Sector. The major shortfall is in Private Sector. The performance of thermal power plants is assessed on the basis of plant load factor (PLF). The PLF in respect of thermal power projects for the Central, State and Private sector for the period April, 1999 to February, 2000 was 73.1%, 63.2% and 67.6% respectively.

(c) and (d) The total outlay and also the Gross Budgetary Support and the lEBR have generally been rising throughout the 9th Plan period. The annual outlay has uniformly increased over the years. The allocations for the power sector for the first four years of the 9th Plan is as under :—

(Rs. in crorcs)

Year	Gross Budgetary Support	Internal & Extra Budgetary Resources	Outlay
1997-98	2445.54	4497.31	6942.85
1998-99	2714.00	6786.00	9500.00
1999-2000	2940.00	6660.27	9600.27
2000-01	2640.97	7079.21	9720.18

Net budgetary support is primarily used for hydro projects.
